**REQUEST FOR REVIEW OF PATENT TERM ADJUSTMENT**

MAIL STOP PATENT EXT.  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

It has come to our attention that there may be an error in the patent term adjustment calculated by the U.S. Patent and Trademark Office for the above-referenced patent

application. Specifically, the patent term adjustment pursuant to 35 U.S.C. 154(b) of 678 days indicated on the ISSUE NOTIFICATION - Determination of Patent Term Adjustment under 35 U.S.C. 154(b) mailed on March 8, 2006 may extend the term of this patent by too many days. In particular, it is believed that the delay calculated by the Patent Office as being caused by the Applicants is 35 days too small. It is believed that the Patent Office failed to calculate either the 35 days of delay caused by Applicant's late filing of his Response to the Notice of Missing Parts filed on July 24, 2001 or the 35 days of delay caused by Applicant's late filing of his Amendment filed on December 5, 2002. Please review the calculation of the patent term adjustment and make corrections, if necessary.

Respectfully submitted,

John C. Freeman
